Garador – quality garage doors that you can trust to keep your possessions safe

The benefits of choosing a Garador garage door

Whether you're building a new home or thinking of replacing your old door, you cannot underestimate the effect of your garage door on the visual appeal of your home. That's why we offer an extensive range of door colours, styles and finishes for you to choose from.

Strong, durable and built to last, you will feel safe and secure when you have a Garador garage door installed.

A trusted brand

Garador has the largest garage door and opener distributor network in New Zealand and has been manufacturing garage doors locally for over 50 years.

Your local Garador dealer is on-hand to help you if you're buying a new garage door or replacing an old one. All of our dealers have been extensively trained and many have years of experience in the business. Your local dealer will help you through the steps to getting the garage door you want.

Why choose a Roll-A-Door?

Garador Roll-A-Doors will ensure you can continue to enjoy your home and lifestyle with added features that improve door safety, reduce maintenance requirements and give smooth, quiet operation.

Our pre-painted range of Roll-A-Doors are designed to stand the test of time. Unlike other door styles, a Garador Roll-A-Door needs minimal side room clearances to accommodate mounting brackets. This space saving design and compact roll ensures your ceiling space is free for other purposes.

Why choose a Flex-A-Door?

The Roll-A-Door evolved...

The same tried and tested quality Roll-A-Door curtain is used in a whole new way. With additional components, the Flex-A-Door effortlessly glides up and back along your ceiling in one easy motion.

Designed as a safer, more reliable Tilt Door replacement, the Flex-A-Door can fit into places that previously only a Tilt Door could. It has no outswing when opening and springs that are safely concealed in the horizontal tracks away from little fingers.

New Zealander's have trusted Garador garage doors for decades. Our latest models - the Roll-A-Door and Flex-A-Door - build on a rich heritage by combining smooth and reliable operation with a range of features that will help protect your family and belongings.

Roll-A-Door Series 1

Safe, secure and durable

With strong clean lines, our weather resistant Roll-A-Doors are convenient and low maintenance. The thick steel gauge ensures your valuables are protected and unwanted intruders are kept out.

Features

- Made from COLORSTEEL®
- Available in 18 colours and Zincalume
- Smooth, quiet and easy to operate
- Manufactured to a durable time tested design
- Operated with a push button via a GDO-6 opener

Flex-A-Door

Innovative design combining safety and usability

The Flex-A-Door features the famous Garador Roll-A-Door curtain, fitted on a curving track, so the curtain lifts from a vertical position up into a horizontal position, close to the ceiling – providing a clean, neat appearance on both the outside and inside.

Features

- Made from COLORSTEEL®
- Available in 18 colours
- Smooth, quiet and easy to operate
- Springs safely concealed
- Draughts reduced with Retractable Infill Panel
- Push button operation with a GDO-11 opener

Roll-A-Door Opener

TrioCode¹²⁸
Remotes Included

Garador Ero GDO-11 – quiet, quick and value for money

The Ero is our entry level garage door opener and has been designed to make your garage automation easy. It offers a cutting edge garage opener at an economical price. It still has all the important features and has a 650N DC motor that will provide ease of operation.

Features

- Smooth and efficient 650N DC motor
- Soft start and stop to reduce door stress
- Automatic courtesy light

Accessories

Entry key pad

Allows entry to the garage without a remote transmitter. This is great if you have children as there's no need to give them a key or transmitter; they can enter the house with a PIN.

Safety beams

If you have young children or pets, the addition of infra-red beams provides added safety and security, as the door will automatically stop and reverse if the beam is broken when the door is closing.

Rechargeable battery backup

In the event of a blackout or other break to the power supply, the opener will still be operational with a rechargeable battery backup.

Emergency key release

Allows your garage door to be disengaged and operated manually from outside when there is no other garage access available.

Wall mount remote control

Mounts inside the garage allowing remote door operation. Features TrioCode™ technology.

Security System Compliant

Garador openers can be wired into alarm systems. This allows your remote to arm and disarm the alarm.

Colour Selector

Now you've chosen the style of garage door, all you have to do is select the colour that you want. Ask your Garador dealer for our separate colour guide. We also have metal swatches for you to take away and test against your house colour, and see what the colour looks like in different lights.

Tough and stylish steel

All of our pre-painted steel is manufactured for New Zealand conditions. Garador garage doors are made from COLORSTEEL®. With over 30 years of experience, COLORSTEEL® is made with custom paint formulations to provide excellent colour performance and scratch resistance*.

Garador Roll-A-Door and Flex-A-Door are available in the following colours:

	Zincalume®	Titania	Smooth Cream	Desert Sand	Shale/Gull Grey	Sandstone Grey	Grey Friars	Mist Green	Permanent Green	Karaka	Ironsand	Scoria	Lignite	New Denim Blue	Ebony

The colours in this gallery are intended as a guide only. If colour selection is critical please request a steel colour sample from your local Garador dealer. Please make contact with your Garador dealer for advice and samples. Garador reserves the right to change/delete colours without notice.

Warranty

It's important to have peace of mind when you make a purchase, but you also want to know that the company you purchase from will be around to service your warranty as well. Garador has been manufacturing garage doors since 1962 and we offer some of the most extensive warranties available. Talk to your dealer for further information.

Each Garador door is custom-built to fit your garage perfectly. For more details on this product or our other ranges call 0800 427 236 or visit www.garador.co.nz

a) *Rolling and Flex-A-Door doors, in normal residential use, are covered by a 5 year warranty for steel door curtain, 12 months on surface coating, locking mechanism and all other components and all associated labour; conditional on proper care guidelines. Full details of the warranty and care guidelines are available from www.garador.co.nz Warranty only applies to doors purchased and installed in New Zealand. Warranty only valid if warranty conditions are met.

b) For areas within one kilometre of a corrosive environment eg. salt air or industrial fallout, special care and maintenance are generally required for metal products. Consult your Garador Accredited Dealer for advice.

c) The process of forming sheet steel may cause irregularities in flat panel surfaces. Garador prides itself on producing quality products and makes every effort to limit this visual effect where possible.

d) The company reserves the right to make changes or improvements to the products or accessories without notice and without incurring any obligation to make similar changes or improvements to goods previously ordered. Specifications subject to change without notice.

e) While New Zealand Steel Limited is our preferred supplier, steel products from other sources may also be used.

f) Details correct at date of publication.

As with all types of garage doors, for optimal trouble free performance and safety, we recommend you have your door serviced annually.
